

**To Whom It May Concern:**

**In reference to your request for a Material Safety Data Sheet (MSDS) for our products, it has been determined that our product is not required to have a MSDS. The product is exempt from the requirements of OSHA's Hazard Communication Standard since it is classified as an article.**

**The Hazard Communication Standard (29 CFR 1910.1200), paragraph (c), defines a product as an article if it is an item other than a fluid or particle that:**

- i. is formed to a specific shape or design during manufacturing**
- ii. has an end use function(s) dependent in whole or part upon its shape or design during end use**
- iii. under normal conditions of use, does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees**

**Our product meets this definition and is exempted under 29 CFR 1910.1200(b)(6)(v) from having a MSDS.**

**If you are having a specific safety or occupational health concern with product, please call our Corporate Safety Director so that he may help you with problems that you may have encountered.**
